SETAC Italian Branch: A Place for Biologists, Chemists and Environmental Scientists to Meet

Paola Grenni, Italian Language Branch President, and Anna Barra Caracciolo, SETAC Europe Council member

The Italian Language Branch of SETAC (SETAC IB) facilitates scientists from universities, industry and the public sector to get together to exchange scientific knowledge and discuss its use in environmental policy. The branch is very active, routinely organizing meetings and other events, and recently went live with their new website, italianbranch.setac.org.
